EXAMINER'S AMENDMENT

Changes have made are made to the written description to properly identify the cross sections. The drawings must be amended accordingly. Also, "swingably" has been removed from claims 3 and 9 as such does not appear an accurate description of the fixing of the wiper arm support.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dennis C. Rodgers on 27 September 2004.

The application has been amended as follows:

In the Title

Change the title to ---Wiper Assembly with Movable Wiper Motor Support---.

In the Specification

In the specification, on page 4, line 3, change "A-A" to ---III-III---,
line 5, change "B-B" to ---V-V---.

In the Claims

In claim 3, line 4, delete "swingably".

In claim 9, line 10, delete "swingably",
line 16, delete "swingably".

In the Drawings

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: In figure 2, change the line identifiers "A-A" and "B-B" to ---III-III--- and ---V-V---, respectively. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.
